

# SCRAPBOOKING: BASICS AND BEYOND

Whether you are a beginner or just wish to sharpen your skills, this series of hands on classes will unlock all the secrets you need know to be able to produce, complete and coordinated scrapbook projects!

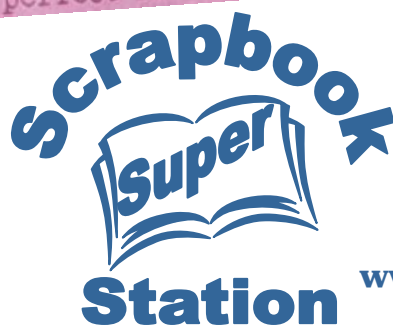

Scrapbook Super Station has pulled together years of experience from our knowledgeable teachers and staff to create a series of three classes. In this curriculum we will cover:

- The basics of preparation, organization and storage.
- Learn how to take, organize and store photos through the eyes of a scrapbooker.
- Explore designing with color, structure, line and balance.
- How to read a sketch so that you can create a layout from any source of inspiration.
- Update your skills with the latest tricks and techniques.
- How to Journal memorable pages that grab your readers attention.
- Basics of stamping and embossing.

In a relaxed and friendly atmosphere, you will create three two page spreads (one spread at each class) that will inspire you to go home and complete all of those beautiful albums you have always dreamed of.

Please check our schedule for a list of upcoming dates and time and join us today!
