Crop Room Guidelines

We very much enjoy being able to offer such a fantastic work space for all our customers and we hope that you enjoy the advantages we offer you. Please help us be able to continue offering these services by adhering with the guidelines mentioned below. Thank you for helping us maintain a stress free, fun place to be!

When there is a scheduled class or crop only registered participants are allowed to be in the workshop area. Please refrain from entering the area until the class is completely over. It is distracting to both the teacher and the paying students to have other people in the workshop area during classes. This means you cannot crop, layout photos or set up your gear during class time. Please wait until after the class has been dismissed to enter the workshop area.

Non BPC Cropper Members coming to crop during open table time will pay \$2.00 an hour for use of workshop. Any person occupying a seat at a crop or class must pay for that crop or class. There is no such thing as a "guest" at a crop or class who does not have to pay. If one exception is made, others would expect them and then there would be mass confusion and we would have too many people in the crop area, making it uncomfortable for everyone else that is paying to be there.

Friday nights open crop time will end at 6:00 PM so that the staff has time to prepare the workshop for the Midnighter Crop.

Book Club Weekender

Join us for a cozy, book club-themed scrapbooking event where creativity and storytelling come together. A good book can transport you – to the summer before college with your first love, to a dreary town in France during WWII, or even back to your hometown and its haunting memories. That’s what this weekend is all about: stepping outside your everyday life and into a story.

There will be guided projects to help spark your imagination, a few lighthearted games, and interactive activities designed to keep things fun, as well as a few yummy snacks.

You’ll also have the chance to connect with others and share ideas about books and scrapbooking. Whether you’re an experienced scrapbooker or just getting started, this event is a great way to unwind, get creative, and celebrate a love of books. Come ready to relax and create as we take you on an adventure through the most popular genres.

Scrap Away

We are so very excited to host our semi-annual ScrapAway at Mt. Chestnut Nazarene Center in Butler, PA! This retreat is designed for ladies who want to skip the circus-like atmosphere of large scrapbook conventions and instead focus on making friends, relaxing, and crafting the weekend away.

At our retreat, you'll enjoy plenty of workspace—you definitely won't feel like a sardine while scrapping with us!**

We offer four different packages: a 4-day or 3-day option, each available with or without lodging. Retreat packages include fabulous meals, comfortable lodging, a commemorative ScrapAway T-shirt, and a premium class. Our rates are fantastic compared to other retreats, making this an exceptional value.

The Mt. Chestnut Nazarene Camp features a spacious gymnasium for crafting and comfortable rooms with private baths*, offering conference-center convenience at an affordable cost. Thanks to the size of the gymnasium, we're also able to offer a no-lodging package—perfect for our local scrappers!

While there is no shopping at the retreat center itself, you'll receive a special discount coupon to use in our store before and during the retreat. That means access to the largest scrapbook store in the tri-state area—plus a discount, not inflated convention prices! Our store is just a few short miles from the center, making quick runs for those must-have items easy and convenient. You will not be disappointed!

Ready to have some fun? Join us at Mt. Chestnut for the area's original and best, store-sponsored scrapbook retreat weekend!

* Private bathroom rooms filled first come, first serve.
Overflow is accommodated in dormitory-style housing.

** Depending on when you register, you will either receive a full 8' table or the equivalent of an 8' table via sharing a table and being provided with an assigned additional table space nearby on the perimeter of the room.
